Dear Senator Pryor:

The Fleet Reserve Association (FRA) strongly supports your legislation (S. 1963) to repeal section 403 of the Bipartisan Budget Act of 2013 that reduces the annual adjustment of retired pay for military retirees under the age of 62. FRA believes this benefit should not be cut because it has been earned through 20 or more years of arduous military service.

The Association appreciates your strong leadership on this issue and stands ready to provide assistance in advancing this legislation.

Sincerely,

JOHN R. DAVIS
Director of Legislative Programs
