Dear Senator Shaheen:

The Fleet Reserve Association (FRA) supports your bill (S.3911) that would require the Department of Defense (DoD) to establish a task force to address the effects of the release of perfluoroalkyl substances and polyfluoroalkyl substances from activities of the DoD, to include exposure to such substances in periodic health assessments of members of the Armed Forces.

The Association appreciates your dedication to active duty issues. The FRA point of contact is Theo Lawson, Assistant Director of Legislative Programs, at TheoL@fra.org.

Sincerely,

Christopher J. Slawinski
National Executive Director
