Dear Congressman Panetta:

The Fleet Reserve Association (FRA) supports your bill (H.R.5020). The bill will direct the Department of Veterans Affairs (VA) to seek to enter into an agreement with the National Academies of Sciences, Engineering, and Medicine or the National Cancer Institute to conduct a study on radiation exposure relating to prostate cancer.

The Association appreciates your dedication to veteran issues. The FRA point of contact is Theo Lawson, Assistant Director of Legislative Programs, at TheoL@fra.org.

Sincerely,

Christopher J. Slawinski
National Executive Director
