Dear Ms. Smith,

On behalf of our National President, Virgil Courneya of Carson City, we would like to express our most sincere thanks for all that you are doing to meet, activate, and pursue Veterans' issues. The road ahead as in the past is difficult for the Department of Veteran Affairs, however the Fleet Reserve Association prefers to make these venues and milestones a productive measurement for all.

If we can be of any assistance to your office in Reno, or the Washington DC office, please do not hesitate to call on us. In the meantime thank you for everything.

Sincerely,

Thomas J. Snee, M.Ed
National Executive Director
