Dear Senator Sullivan:

The Fleet Reserve Association (FRA) supports your proposed legislation, directing the Department of Veteran Affairs to carry out a pilot program providing veterans the option to use an alternative appeals process to more quickly determine disability claims (S.2473).

The Association appreciates your dedication to veteran issues. The FRA point of contact is Brian Condon, Assistant Director of Veterans Programs, at brianc@fra.org.

Sincerely,

THOMAS J. SNEE
National Executive Director
