Dear Representative McCarthy:

The Fleet Reserve Association (FRA) supports the “Veterans Access to Timely Medical Appointments Act,” (H.R. 2661).

This bill requires the VA to schedule primary care appointments within 7 days and specialty care appointments within 14 days.

The Association appreciates your leadership on this issue and stands ready to provide assistance in advancing this legislation.

The FRA point of contact is Stephen Tassin, Assistant Director of Legislative Programs, at the above numbers or (stephent@fra.org).

Sincerely,

THOMAS J. SNEE
National Executive Director
