Dear Congressman Zeldin:

The Fleet Reserve Association (FRA) supports your legislation, (H.R.6637) directing the Department of Veterans Affairs to study and report on the prevalence of cholangiocarcinoma in veterans of the Vietnam era. Determining if Vietnam veterans were exposed to deadly parasites, which are known to cause cancer is essential to ensuring they get the benefits they deserve.

The Association appreciates your dedication to veteran issues. The FRA point of contact is Brian Condon, Assistant Director of Veterans Programs, at brianc@fra.org.

Sincerely,

John R Davis
