Dear Congressman Carbajal:

The Fleet Reserve Association (FRA) supports the “Strengthening Preventive Health Care for Service Members Act” (H.R. 1433). This legislation would allow the Department of Defense to utilize TRICARE, to immediately expand preventive health care services for military service members and their families.

The Association appreciates your dedication to veteran issues. The FRA point of contact is Brian Condon, Assistant Director of Veterans Programs, at brianc@fra.org.

Sincerely,

THOMAS J. SNEE
National Executive Director
