Dear Senator Grassley:

The Fleet Reserve Association (FRA) supports your Senate Concurrent Resolution 51, expressing the sense of Congress that those who served in the bays, harbors, and territorial seas of the Republic of Vietnam between 1962 and 1975, should be presumed to have been exposed to the toxin Agent Orange and should be eligible for all related Federal benefits that come with such presumption under the Agent Orange Act of 1991.

The Association appreciates your dedication to veteran issues. The FRA point of contact is Brian Condon, Assistant Director of Veterans Programs, at brianc@fra.org.

Sincerely,

THOMAS J. SNEE  
National Executive Director
